About the program

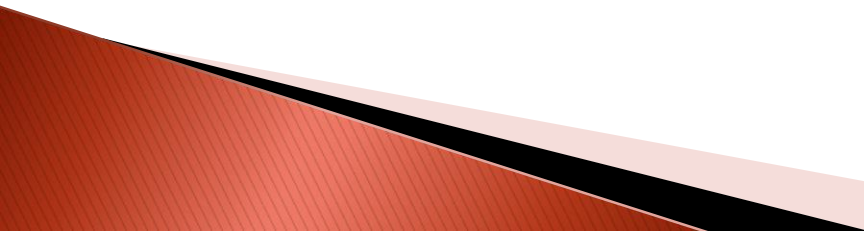

- ▶ **Study Tours to Poland (STP)** is a Polish–American Freedom Foundation program, implemented by the Leaders of Change Foundation in cooperation with the Borussia Foundation. As part of the Program, study visits to Poland are organized for people from Eastern Europe, South Caucasus, and Central Asia. The aim of the Program is to show the realities of Poland and the European Union, while at the same time developing and strengthening professional and personal contacts between leaders from Eastern Europe and their Polish partners. The Program’s offer is addressed to students and professionals from a range of fields and specialties.

STP for students at a glance

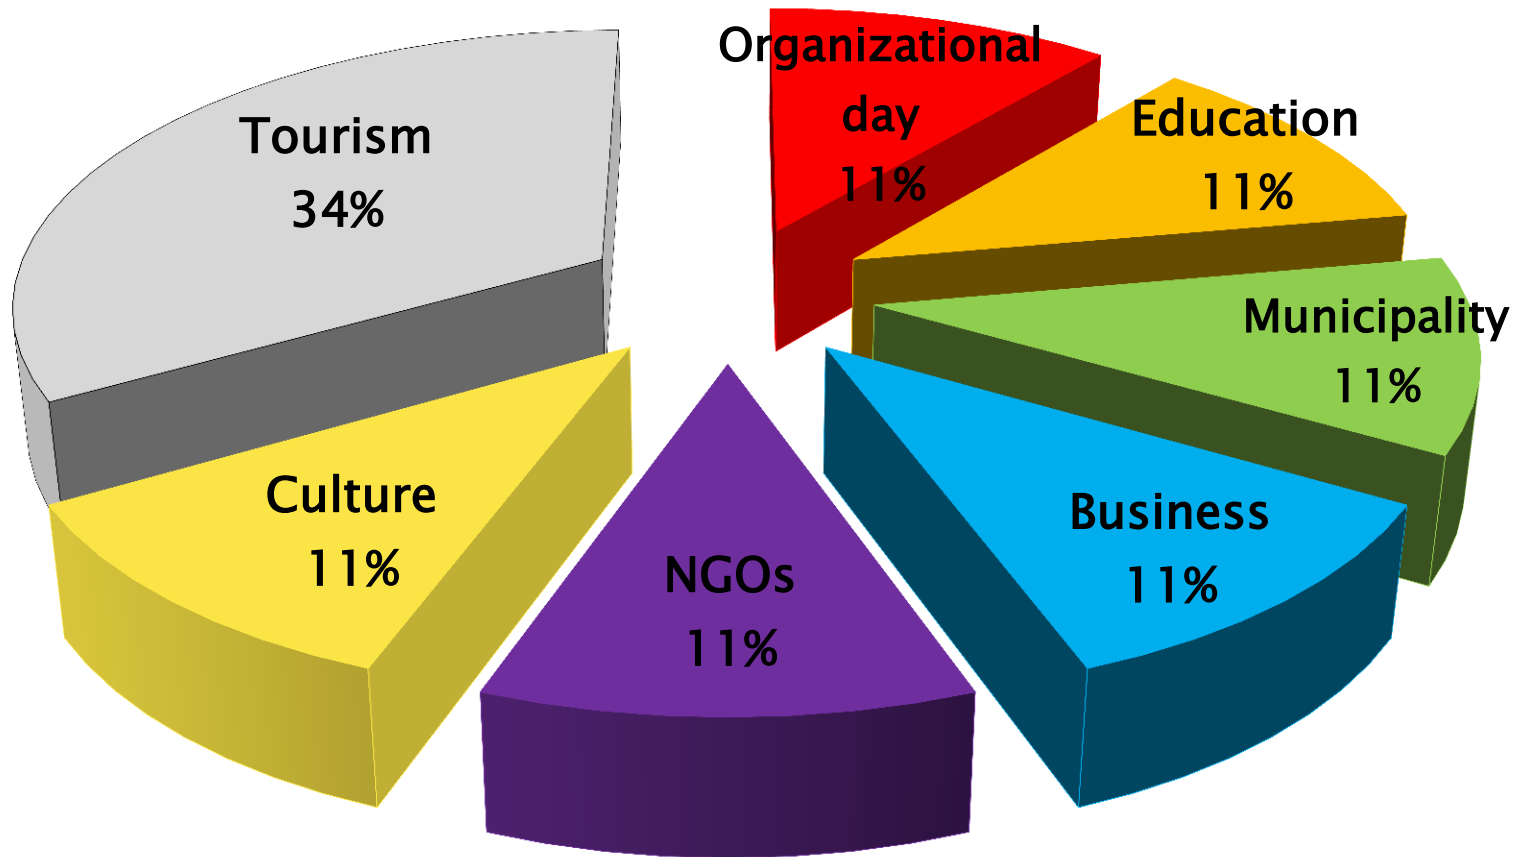

- ▶ Study Tours to Poland (STP) for students was one of the first cyclical Polish educational programs aimed at student youth from Eastern Europe. Since then, as part of the program, students from Belarus, Moldova, Russia, and Ukraine have taken part in study visits to Poland.
- ▶ Students apply to participate in the Program individually as part of a competition. Visits take place in small groups of people, twice a year – in spring and autumn. Over 200 people visit Poland annually as part of the Program.
- ▶ The aim of STP for students is to show the different aspects of life in Poland, to present the mechanisms of systemic change and modernization, as well as to provide the experience of participation in European structures. It is also very important to get to know the non-governmental sector and all forms of civic activity.

The program for student visits includes:

- ▶ Meetings with leaders of public life in Poland
 - ▶ Visits to offices and public institutions
 - ▶ Meetings with representatives of academia – university authorities, academic teachers and students
 - ▶ Business innovations and activities presentations
 - ▶ Getting to know the culture and history of Poland
 - ▶ Showing the characteristics of individual regions
 - ▶ Integration and educational workshops aimed at acquiring new competences
- 

My studding visit I can divide to:

Participants in STP must be:

Requirements

- ▶ aged 18–21, and in the case of candidates from Moldova, 18–22 years
